

Biolubri-S-Guard

Super Heavy Duty Non-Melt Biobased Grease

DESCRIPTION

BIOLUBRI-S-GUARD is an all purpose non-melt grease specially formulated with extreme pressure and anti-wear additives to provide heavy duty service. It is one of very few greases able to withstand heavy shock load and impact pressures of 50 Timken load capabilities. This product has excellent adhesive and cohesive properties. It resists most acids, weather, dirt, salts spray, steam and oxidation. Our product protects equipment indoors or outdoors even under high temperatures and heavy loads.

FEATURES & BENEFITS

- Exceptional resistance for acids, water, salt-spray wether, dirt, dust steam and oxidation.
- Exceptional adhesive-cohesive and anti-wear properties.
- Gives Extra "cushioning" that reduces shock and noise.
- Performs at a wide variety of temperatures up to 550°F
- Excellent outdoor resistance, extreme pressure, high heat resistance and water resistance.
- High shock and impact resistance. No pound out or thin out.
- Seals out dust-dirt-contaminents, prolongs life of metal parts.
- Contains special corrosion and rust inhibitors.
- Excellent load carrying capacity - 50 timken load.

APPLICATION

- Automotive
- Farms
- Bottling Plants
- Cotton Gins
- Sugar Cane Mills
- Dairies
- Paper Mills
- Industrial
- Marine
- Oil Fields
- Steel Mills
- Air Conditioning
- Elevators
- Textile Plants
- Construction
- Mining
- Aircraft
- Lumber Mills
- Cement Plants
- Food Plants
- Sewage Plants

PHYSICAL PROPERTIES

Colour	: Red
pH	: 7
NLGI	: 2.0 to 2.5
Specific Gravity	: 0.9
Penetration (ASTM D-217)	: 250-270
Dropping Point (ASTM D-556)	: 550°F
Timken Ok Load (ASTM D-2509)	: 50 lb
Acid Resistance	: Excellent
Water Resistance	: Excellent
Rust Resistance	: Excellent

AVAILABLE PACKAGING 18 kg or 180 kg drum
